

## **BWRMA MAINTENANCE COMMITTEE REPORT FISCAL YEAR 2024-2025**

### **WORK COMPLETED FISCAL YEAR 2024-2025**

Freedom Excavating completed brush cutting in July, 2024

Legacy Asphalt completed grading and gravel on Alpine Court and Bridgeview Ct. Amounting to approximately 32,784 sq feet. 50 tons of gravel was distributed. Rolling and compacting of gravel was completed. A catch basin was installed on Fern Gully to help with drainage.

Lakeside Industries completed needed asphalt road repairs of approximately 13,500 sq ft at various professionally identified problem areas on Bywater and Bywater North in preparation for possible chip sealing at a later date. An area of slippage was also repaired close to the entrance of Bywater.

All contracted work was completed and paid out.

Completed inspection of paved and gravel roads. Paved roads should not need any professional repairs in Fiscal Year 2025-2026.

### **PROPOSED WORK FISCAL YEAR 2025-2026**

Organize a clean-up day with bonfire to collect and burn branches and other refuse from the ditches.

Gravel grading and shaping as needed

Brush Cutting

NOTE: We located another Chip Seal company out of Portland, that services both Oregon and Washington State. An additional option will be beneficial when it comes time to bid future major pavement repairs.
